The core mission of the Foundation is to fund the Training for Lodging Careers (TLC) program, which provides academic instruction and work experience to junior and senior high school students in 27 high schools across the Commonwealth. TLC prepares students for employment in the lodging industry or for the pursuit of industry-related post-secondary education. **Your participation will help raise funds needed to support the management of the TLC program. "As high school graduation approaches, I hear my friends talk about what they WANT to do. I am able to tell them what I AM DOING about college and my future. My internship experience in 'Hotel, Resort and Tourism Management' has opened my eyes to the world of hospitality - and I couldn't see my future going in any other direction."

**Richard "Cody" Stevens, Student,
Monroe Career & Technical Institute**

"One of the most important aspects of the Lodging Management Program for the students is the LMP State Competition at Penn State. It is a very rewarding and valuable experience for all the participants. It is the perfect opportunity to see first hand all the exciting career paths a lodging education offers."
